Financial advisory services and investments are offered through Ameriprise Financial Services, Inc., Member FINRA & SIPC, which is part of Ameriprise Financial, Inc.

Ameriprise Insured Money Market Account (AIMMA) is an FDIC-insured product offered by Ameriprise Financial, Inc. and held in an omnibus account(s) at one or more FDIC-member banks (collectively, the "Program Banks"). The Program Banks may serve individually as custodians for all or a portion of the assets held within your AIMMA, as described in the AIMMA Terms and Conditions section of your Ameriprise Brokerage Client Agreement. You may at any time designate any Bank(s) as ineligible to receive your funds. This will generally result in funds being deposited into Deposit Accounts at the next available Bank on the Bank List. Designating banks on the Bank List as being ineligible to receive funds may reduce the amount of FDIC coverage available to you in AIMMA. To view the AIMMA Terms and Conditions, you can visit our website at ameriprise.com/nqclientagreement for non-qualified accounts or ameriprise.com/qclientagreement for qualified accounts, or call our service line at 1-800-297-7378 to obtain a copy.

Ameriprise Bank, FSB is a participant bank in the AIMMA program and any funds deposited into Ameriprise Bank via the AIMMA sweep option are FDIC insured up to \$250,000. Any other deposits you may make to a participating program bank made outside of AIMMA will be combined for purposes of determining the level of FDIC coverage per depositor at that specific bank, including Ameriprise Bank. You are responsible for monitoring the total amount of funds they hold at each Bank in order to insure that your total deposits are within FDIC guidelines and fully insured.

Deposit products are FDIC-insured up to \$100,000 per depositor (\$250,000 per depositor for qualified FDIC retirement accounts) at each Program Bank and up to \$1 million per depositor across all Program Banks combined. On October 3, 2008, FDIC deposit insurance temporarily increased from \$100,000 to \$250,000 per depositor through December 31, 2013. Effective February 1, 2009 AIMMA will carry FDIC protection up to \$2.5 million per individual depositor (up to \$5 million for joint accounts). This temporary increase in coverage is in effect through at least December 31, 2013 when it may revert back to \$1 million per depositor (\$2 million for joint accounts.) Deposit products are not covered by the Securities Investor Protection Corporation (SIPC).

If your account is a qualified discretionary account (e.g. a separately managed account or *Active Portfolios*® account) and AIMMA is your sweep option, you should be aware that your funds will be swept into a single bank, Ameriprise Bank, FSB. All of your available cash balances will be deposited at Ameriprise Bank without limit. Your funds will be FDIC insured up to a maximum of \$250,000, and any amount deposited above \$250,000 will not be covered by FDIC deposit insurance. You are responsible for monitoring the total amount of funds you hold at Ameriprise Bank in the same insurable capacity in order to insure that your total deposits are within FDIC guidelines. Any references throughout the AIMMA terms and conditions to a multi-bank model are not applicable if your account is in one of the product and ownership types noted above. AIMMA is a single bank model with a maximum of \$250,000 FDIC coverage for these accounts.
